### Remembrance Day 2017

A dedicated group of Evans River students attended the local Remembrance Day Service, marking 99 years since the end of the First World War. Due to the weather, the moving service was held inside the Woodburn Evans Head RSL. Senior Captains, Luca Brown and Lailani Walker addressed the assembly, while the Junior Captains, Iona McGregor and Sunny Gillespie laid a wreath on behalf of Evans River K-12 School. All students presented well and were fine ambassadors of our school. Thanks to the RSL Sub-Branch for and inviting the students to be part of the proceedings and for the light refreshments enjoyed following the service.

### K-6 River Sports

During sport we have been going down to the river and learning how to paddle on surfboards and we did a relay race. We have two groups and one does the water activities and one does touch football. Since doing this I have been going surfing a lot more!

#### Savannah Novak Year 6

When we went to the river, we did relays and touch football. We had to use this board with no fins and a board with fins to see the difference in how it turns. The other group got to do low tide and we did high tide, its better to do high tide as you can do a barrel roll. Mr Fields and Mr Cook have been taking us each week for our sport lesson to the river, it is awesome.

### Kindergarten Science Song

Grandparents and friends of the school joined with Kindergarten in learning about the various branches of Science in song last Friday morning. It was a real thrill for students to perform "A is for Anatomy...R radioastronomy ...and Z is Zoology" and to present the words of the song to loved ones to allow for later homework. Many thanks to Mr Chips and Mrs Bell for their assistance with the visual presentation.

## Nutty Pumpkin Muffins

We can't decide if these are sweet or savoury but they are definitely delicious! They can be served with greek yoghurt or ricotta for breakfast or snacked on throughout the day.

### Job Outlook and Labour Market Information Portal

There has been lots of talk recently in the media about what possible impact artificial intelligence (AI)/robotics and technological developments could have on the future job market. Two links on our school website provide some insight into potential job growth areas as well as those that could see a decline in employment opportunities. These can be found by visiting [www.evansriverk12careers.com](http://www.evansriverk12careers.com) selecting either Job Outlook or Labour Market Information Portal.

### Career and Job Seeking Websites

There are number of websites that allow you to search for any type of job vacancy anywhere within Australia. On our school careers website there is a link to nine of the most popular search engines. For many of the websites you can search for both fulltime, part-time or casual positions. These websites can be found by visiting [www.evansriverk12careers.com](http://www.evansriverk12careers.com) and scrolling down to "Job and Career Search".
