## Max McGillivray - Australian U14 Surfing Champion

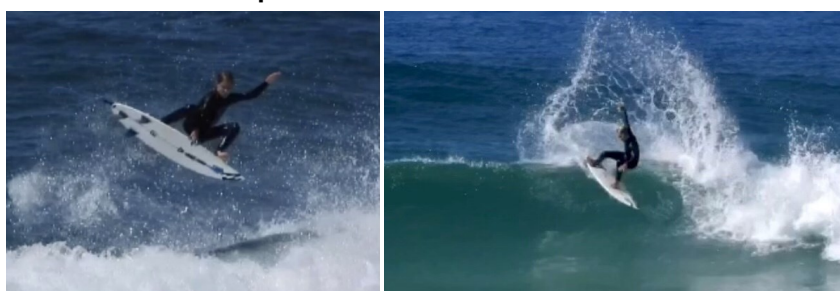

On Friday 29th October, Max McGillivray (Year 6) was crowned Australian Under 14 Surfing Champion. Max has previously won many surfing competitions. To gain the title, Max had to gain a placing in the top 8 in the State titles and be rated in the top 30 in Australia to gain a place in the Australian titles. Some surfers were able to join the competition as wild cards. Max achieved a top 30 place in the later part of 2020. He then continued to surf competitively and gained a place in the top 15 of the 30. Due to COVID, competitors capture their surfing on video and submit to judges. Surfing right and left waves is mandatory. Max surfed in multiple destinations and chose his best two waves to submit. After judging, Max had scored the highest of the competitors and was crowned Australian Surfing Champion.

Max's training routine includes surfing before and after school. He likes Evans Main Beach and Back Snapper. He can be up at 4:30am for a gym session, followed by time in the water from 7:00am. He's at school for 9:00am lessons. Max can be back in the water from 3:45pm til 5:30pm - before it becomes 'sharky'.

Max is sponsored by Billabong, Creatures of Leisure, JS Surfboards and a wax company.

Max is a mature, considerate and thoughtful young man who enjoys his time surfing with his mates. He is a fine young member of our community.

## Year 12 Final Assembly

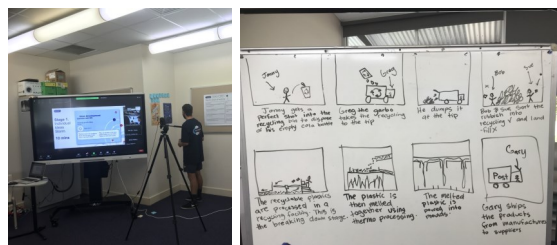

Our Year 12's have had their last day and final assembly. We wish them all the best for their HSC exams starting next week and for whatever their future holds.

## Game Changer

On Tuesday the 5<sup>th</sup> of November, five students from Years 7 – 10 participated in the state-wide Game Changer challenge. Those students were Kylan Chapman, Caelan Cooper, Eva Charters, Jack Whittaker and Bella Algie. The Game Changer challenge is a design thinking activity, focused on exploring solutions for real world problems. This was the virtual heats round after

making it through the initial submission. The team had to come up with a pitch of a product-based solution to answer how might we transform discarded items into something useful, beautiful or upcycled? The Evans River team created a product that used recycled plastic to make a number of household items, including benching, cabinets and chopping boards. Although the team did not make it through, they demonstrated outstanding teamwork, perseverance and time management skills in a highly stressful yet exciting environment.

## QuickSmart Maths

The QuickSmart team in Primary would like to congratulate Max McGillivray and Byron Hudson on completing the QuickSmart program. Both students have shown outstanding commitment to their learning. They attended every lesson at school and by zoom during the COVID-19 learning from home period.

Max and Byron have reported that the work they are doing in maths is much easier now that they have learned more skills and better understand what they are doing.

## K-6 Crazy Hair Day TOMORROW

Don't forget tomorrow is our K-6 Crazy Hair Day. The crazier the better. Uniform must still be worn. Please bring a gold coin donation to raise money for teenagers living with cancer.

## Food Technology

Year 10 Food Technology students had to make a

lemon meringue pie for their yearly exam. The students all did an outstanding job demonstrating the growth in their skills during the course. All the pies were of industry standard.

Year 10 have also been developing their own pie design. The pies could be sweet or savoury. These are a few of the pie designs developed. Neapolitan tart, strawberry pie, chicken and mushroom pie, and chocolate meringue pie. The students are to be congratulated on the range of pies they produced during the food product development unit.

Year 9 have been doing a unit on celebrations. As part of the unit, the students had to plan a celebration and design a show stopping cake. The cakes produced by the students were excellent. These are a few of the cakes created in Mrs Entwistle's classes.

## PDHPE Sports Uniform Reminder for High School

High school students are reminded that it is compulsory to change into their sports shirt prior to all practical PDHPE lessons. Sports shirts can be ordered through the office or purchased directly through the Uniform Store on Friday mornings 8:30-9:30am.

## Academic Rollover Next Week

Please be reminded that next week our Year 7-10 students will roll into their next academic year. Students need their new book pack requirements for Monday and Year 10 students rolling into Year 11 will need to have white senior shirts for Monday.

## Book Week

Students in K-6 had a fabulous day last Friday celebrating Book Week. There were some amazing costumes, artworks and dioramas—it was great to see everyone getting into the spirit of the day. Photos will come home soon.

## Emergency Services

There are a wide range of careers available in the various branches of the Emergency Services (not just the obvious ones like Police Officers, Firefighters and Paramedics). There are also many careers available in support roles as well.
